Dear

We cordially invite you, on behalf of the Board of Directors, to be a VIP guest at the upcoming **2009 West Lake Finance Summit** to be held in Hangzhou at Shangri-La Hotel, Nov. 7-8, 2009, hosted by Zhejiang Provincial Government, CITIC Group, Zhejiang University, the Chinese Finance Association and Sunrise Global, Inc.; co-hosted by Boao Forum for Asia and Hangzhou Municipal Government; and organized by Hangzhou Hequan Investment Management Co., Ltd.

The theme of this conference is “New Pattern of Global Economy, Challenges and Opportunities”. The goals are (1) to integrate financial issues with current world trade tendencies; (2) to establish private financial system to connect China to the world; (3) to introduce China’s fast growing private entrepreneurs to the world markets, esp. to the US; (4) to build a path for the major chain stores, esp. from the US, to China’s local markets.

If 2008 is considered a period of cooling and meditation for the financial world, then 2009 should be the prime starting point for finance and economy to integrate. It will become an important driving force for the next round of world economy development and initiating the reshuffling of the world economy pattern.

With the new economy order being established, the global economy is focusing more on mainland China for its huge development potential, especially, the fast developing regions represented by the Yangtze River Delta, which possesses great attractiveness from the viewpoint of finance and economy.

Attached please find a conference introduction for your reference.

Yours sincerely,

Charles Qi
Chairman, Sunrise Global, Inc.
